

AMENDMENT TO AGREEMENT FOR THE POSITIVE LOCATION OF UNDERGROUND UTILITIES

Whereas, the State of California, acting by and through the Department of Transportation hereinafter called DEPARTMENT and Energy Operations Management, Inc. hereinafter called OWNER, have entered into an Agreement for the Positive Location of Underground Utilities which sets forth the terms and conditions to perform positive location activities of OWNER's underground utility facilities in the State of California; and,

Whereas, OWNER executed the Agreement upon and subject to the provisions of clause 8 giving OWNER "...the right to require reasonable controls and restrictions.." which are listed below; and

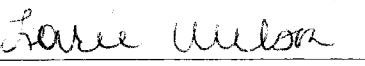

Whereas, pursuant to Clause 12 of the Agreement, the agreement may be amended, changed or altered by mutual consent of the parties hereto in writing.

Now, Therefore, it is agreed between the parties as follows:

1. Internal Video Inspection – In Part B of the recitals, the Agreement references one of the positive location operations as "internal video inspection". Due to the nature of high pressure natural gas pipeline operation, OWNER cannot remove this pipeline from service to accommodate such internal video inspection.. Therefore, internal video inspected is restricted.
2. Pipeline damage resulting from positive location – Any damage caused to OWNER's pipeline during the process of positive location shall be repaired at the sole cost and expense of the DEPARTMENT and consistent with methods as prescribed in the Code of Federal Regulations (CFR) 49, Part 192 governing such pipelines.
3. Schedule – The OWNER must be present during the DEPARTMENT's positive location process and is therefore requesting that the work of location be scheduled during normal business hours, Monday through Friday, 7:30 am – 5:00 pm.
4. All other terms and conditions of said Agreement remain unchanged.
